

Message from Prem Reddy, MD, FACC, FCCP

I'm deeply thankful to the Alumni for giving me the opportunity to contribute to the Alumni Building at SVMC.

The collegiate bonds formed at SVMC last a lifetime. They last through generations, enriching professional careers for decades to come. With a global alumni base, the time has come to build a true community focal point, a place to call home while celebrating SVMC's trailblazing past and visionary future.

The Alumni Building will act as a community center, fostering camaraderie and lifelong connections while strengthening the SVMC family.

Now, we ask for your partnership and support. The campaign objective of Rs. 5.3 Crore (\$800,000) can only be reached with your generous contributions.

This is our Alumni Building built together as a lasting contribution. Together we can make this vision a reality.
